 40 minutes

**Tessa Farley**  
Technical Trainer  
EagleView

Tessa Farley is a Technical Trainer at Eagleview and has been with the company since 2018.

Prior to training, Tessa acted as Senior Project Coordinator for our AccuPlus product.

Join Tessa to learn more about CONNECTExplorer!

**Established  
in 2000**

**Inventor of high-res  
measurable oblique  
imagery**

**Geo-referenced  
imagery and  
data analytics**

**Applications to view,  
analyze, and annotate**

**90°**

*Images captured at the 90-degree angle, called orthos, give us a top-down look at ground features.*

**Established  
in 2000**

**Inventor of high-res  
measurable oblique  
imagery**

**Geo-referenced  
imagery and  
data analytics**

**Applications to view,  
analyze, and annotate**

**45°**

*Images are captured  
from  
a 40-45-degree angle.  
Image resolution ranges  
from 2" to 12" ground  
sample distance (GSD).*

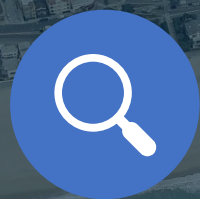

# Quick question...

What is your  
experience level with  
**CONNECTExplorer?**

# Our goals...

Navigate and  
compare imagery

Interact with  
GIS data

Extract  
information

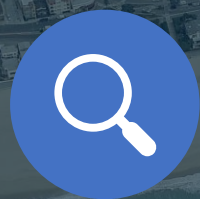

Measure  
and annotate

Save and  
export options

# Let's review...

Navigate and  
compare imagery

Interact with
