

EagleView

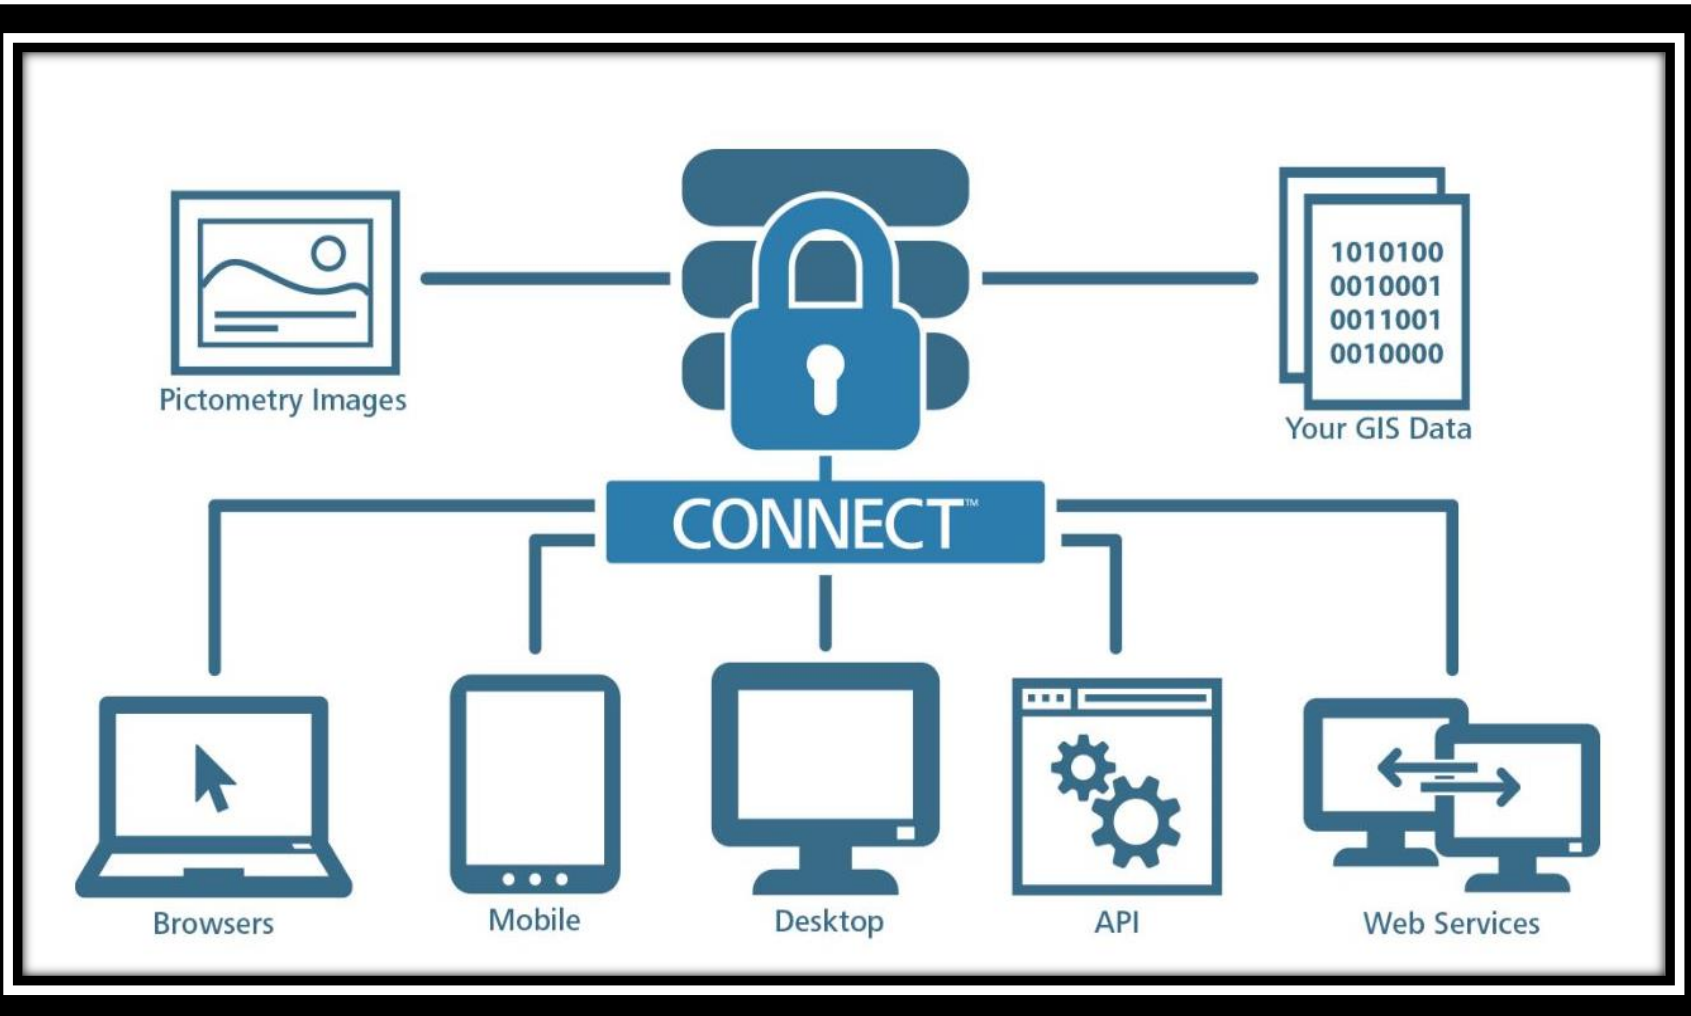

Imagery & Software Integrations

Brianna Zumhof
Technical Manager
AZ, S.CA, NM

Desktop accessible web-based solution

CONNECTExplorer™

- Secure, web-based platform combining high-resolution aerial imagery with users' GIS data
- Extract measurements and high-resolution imagery and generate reports for end-to-end workflow

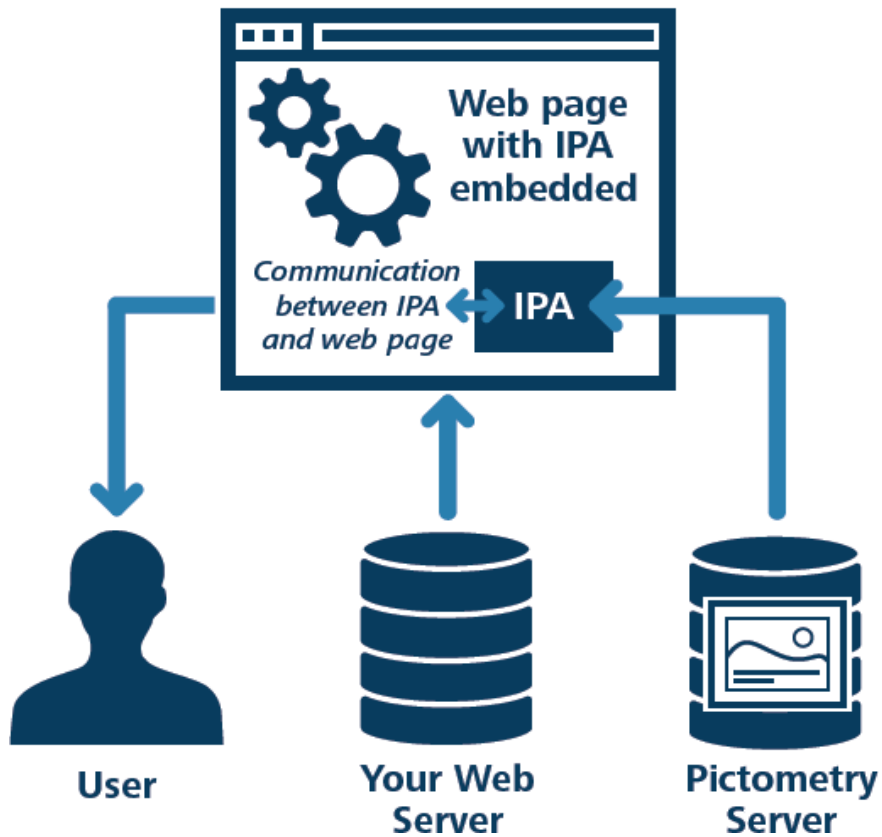

3rd Party Integrations

EagleView offers hundreds of integrations with leading government software providers – more than any other aerial imagery provider.

Enjoy the simplicity of working in a single system.

CONNECT™ IPA

Integrated Pictometry® Application (IPA)

- IPA is an API that allows you to embed a window into existing software applications
- Good option for websites and third-party integrations
- A network of partner firms have created off-the-shelf solutions for CAMA systems, Public Works, and 9-1-1 CAD Integrations using IPA
- Documentation and support available to develop your own

Integrated Pictometry® Application (IPA)

Visualization
(Public-facing)

or

Analytic
(Internal only)

3rd Party Integrations

Assessment Integrations

EagleView integrates with leading computer-aided mass-appraisal (CAMA) systems to create efficiency in the assessment process

GIS Integrations

EagleView integrates with leading GIS providers to show aerial imagery and GIS data in a single environment and empower deeper geospatial analysis

Public Safety Integrations

EagleView integrates with leading Computer-Aided Dispatch systems to help 911 dispatchers see important visual details to help first responders

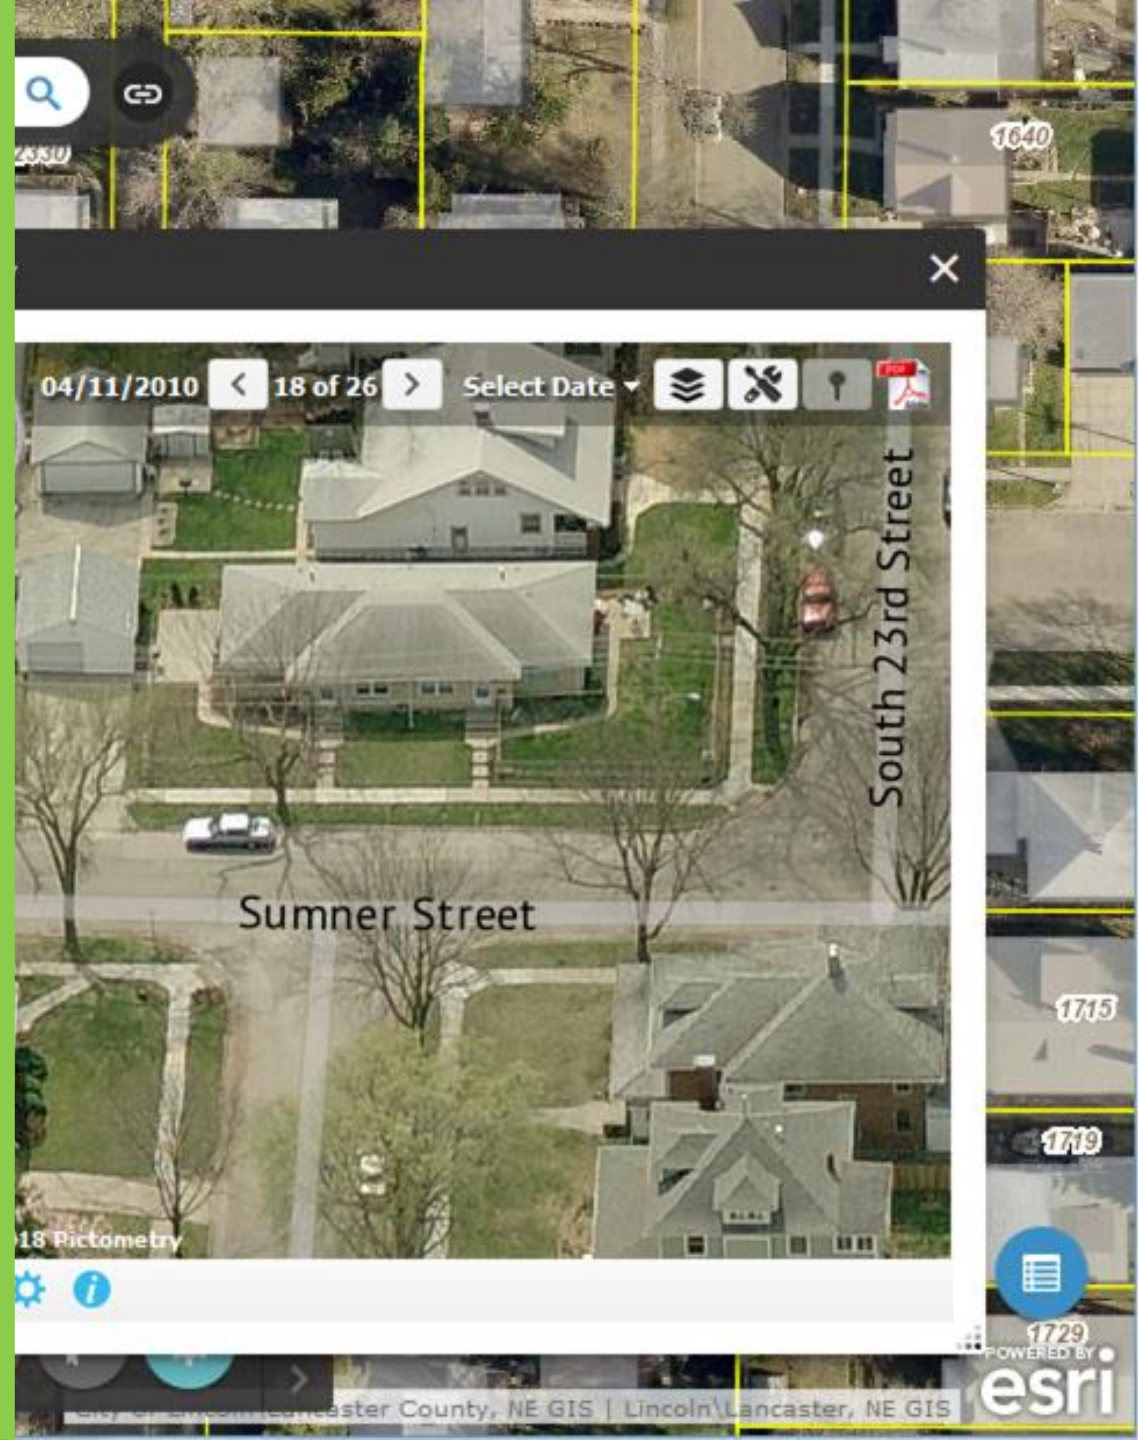

Public Works Integrations

EagleView integrates with public works software to help governments maintain accurate infrastructure data and reduce field inspections

Esri Integrations

- ❖ Web AppBuilder Widget
- ❖ ArcGIS Pro [Add-In]
- ❖ ArcMap [Add-In]
- ❖ Coming soon: Experience Builder Widget!

Esri REST Compatibility

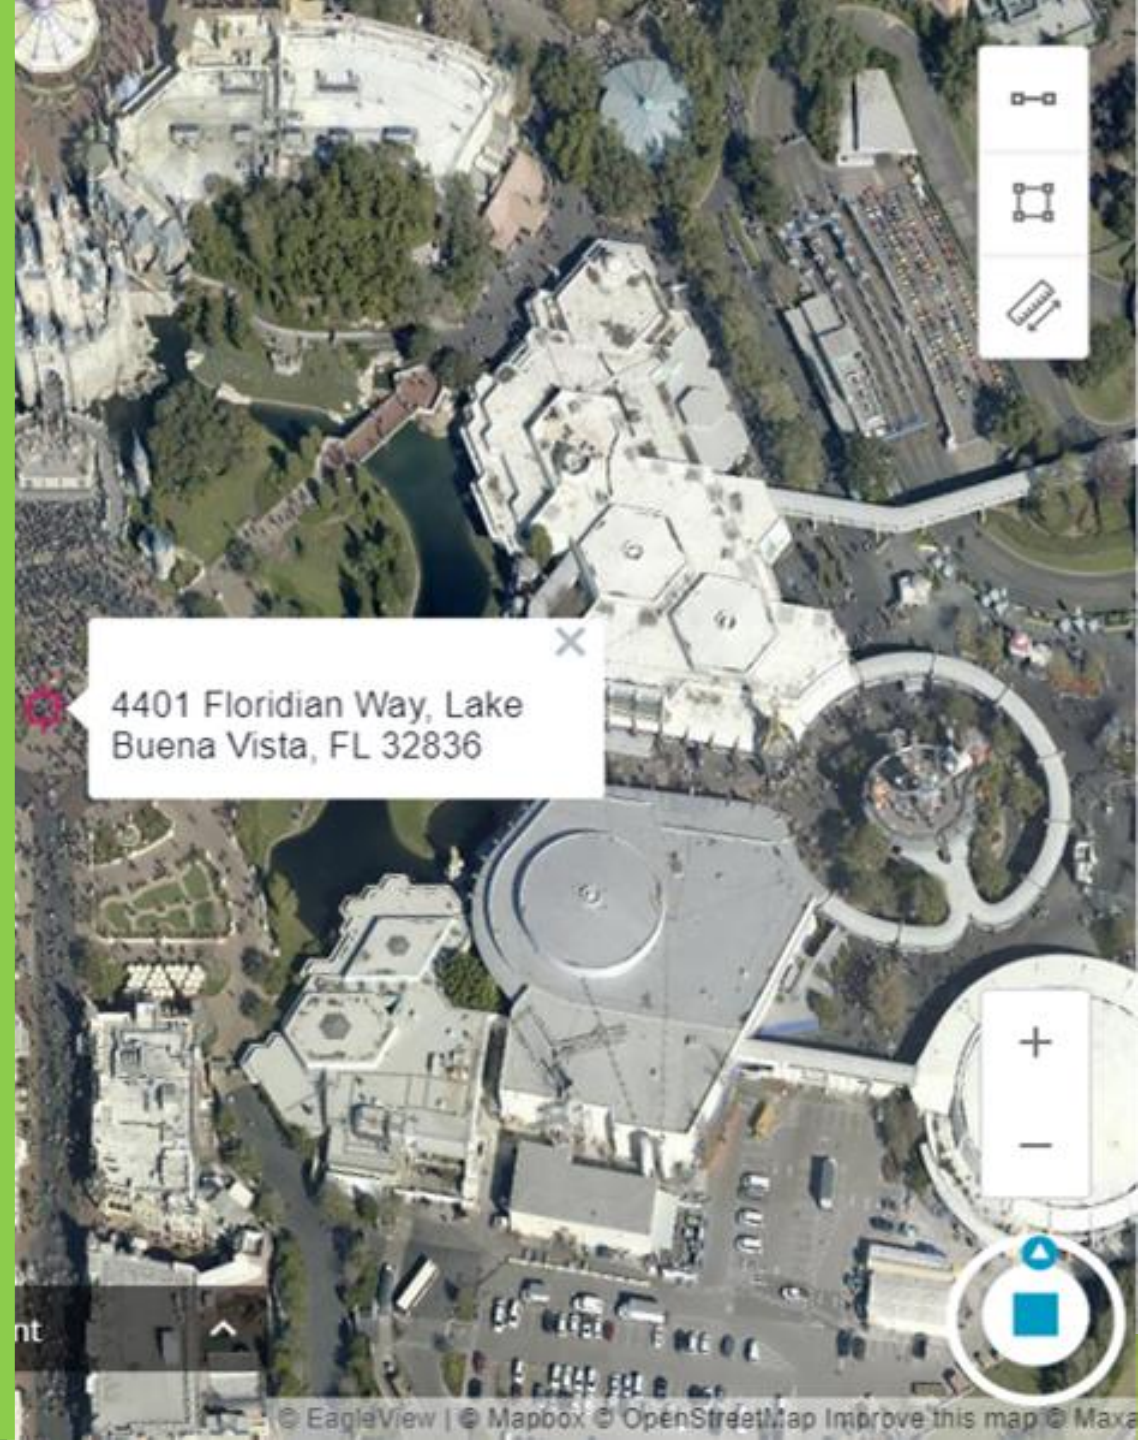

- ❖ Available within ConnectExplorer all API integrations
- ❖ Live data layers from your own database

The screenshot displays a GIS interface with a map and a data table. The map shows a residential area with a color-coded layer representing the 'Last Inspection Date'. A legend indicates that the color scale ranges from red (1/9/2019) to green (2/2/2021). The data table on the right lists property details for 20 records.

Integrated Pictometry Application (IPA): Navigate LA Web Map

The screenshot displays the NavigateLA web map interface. At the top left is the logo for NavigateLA, Bureau of Engineering, Department of Public Works. The top right features a search bar and navigation icons. The main map area shows an aerial view of a residential neighborhood with a 'Pictometry Window' overlaid. The window title is 'Pictometry Window' and it shows a date of '11/21/2021' and '1 of 117' images. The window contains a compass, a zoom control, and a 'Select Date' dropdown. The main map shows a grid of streets including Lexington Ave and Beachwood Dr. A parcel map overlay is visible on the right side of the map, showing various parcel numbers such as 01156, 06014, 06006, 06004, 06002, 06000, 01153, 01151, 01149 1/2, 01147 1/2, 01145, 01142, 01143 1/4 1/2, 01140, 01141 1/4 1/2, 01138 1/2, 01137, 01136 1/2, 01135, 01134 1/2, 01132 1/2, 01130, 01149, U01139, 135, U01136, 01137 1-11, and 01132 1/2. A scale bar at the bottom left indicates 0, 20, and 40 feet. The bottom right corner contains the text 'Esri, HERE, Garmin, USGS, NGA, EPA, USDA, NPS' and coordinates: 'X: 6464127.41 Y: 1856244.22 Lon: -118.322173 Lat: 34.092623 1 : 564 693 x 342 (ft)'. The Google Maps logo is visible in the bottom left corner of the map area.

Geocortex IPA: Planning & Zoning GIS-Net Web Map

The screenshot displays the GIS-Net Public web application interface. At the top, the header includes the logo for GIS-NET Public, Department of Regional Planning, and Planning & Zoning Information for UNINCORPORATED L.A. County. A search bar on the right prompts users to "Enter AIN, Address, Intersection,..." with a magnifying glass icon and a accessibility icon.

The main navigation bar contains tabs for Navigation, Find, Draw, Measure, Tasks, Links, and Help. Below this, a toolbar offers various functions: "Pictometry / Google Maps" (highlighted with a red arrow), "Upload Data" (Add Data), "Layer Catalog", "Print to PDF", "Export", and "Display Map Images" (Output).

The interface is divided into several panels. On the left, the "Identify Results (65)" panel lists several AINs (e.g., 5149034013, 5149034014, etc.) with star icons. Below the list, it indicates "Displaying 1 - 50 (Total: 65)" and includes pagination controls for "Page 1 of 2".

The central map area, titled "Select Map", shows an aerial view of a city with a date of "02/14/2020" and "1 of 51" images. A red arrow points from the "Pictometry / Google Maps" button to the map's navigation controls. The map includes a compass, zoom in (+) and zoom out (-) buttons, and a "Select Date" dropdown. A copyright notice "© 2020 Eagleview" is visible at the bottom of the map.

At the bottom left, there are navigation icons for "Welc...", "Layers", and "Identi...". A "Tool Labels" checkbox is located in the top right corner of the main interface.
